CAMPSITES FOR CAMPING & CARAVANNING

2019 HOLIDAYS
Fresh air, tall trees, peaceful setting... Breathe!
Huttopia Beaulieu sur Dordogne
CAMPING HUTTOPIA, CAMP IN THE HEART OF NATURE...

—

When we dreamed up Huttopia in 1999, we were simply looking to offer holidays in the midst of nature, in harmony with the environment, where we would have liked to camp with our own families.

In our minds, there has only even been one form of real camping: a campsite situated in a beautiful haven of nature where you can set up your tent or stay with your caravan; where you can rent a lovely wood and canvas lodge with family or friends; a campsite where you can set out to discover a beautiful region, and where the services bring a real level of comfort; a campsite where there isn’t too much rental accommodation, and where you can enjoy activities, or simply read a book and relax. In short, a concept far from the campsites where you find yourself stuck between row after row of mobile homes, having to put up with noisy entertainment activities.

That is what we offer, and that is what Huttopia campsites are: our camping dream, where you can disconnect from daily life and reconnect with nature.

The more leaves there are, the more the sites boast an exceptional natural environment.

Everywhere, you can enjoy the true camping spirit, with pitches mainly for traditional camping, on beautiful small-scale campsites, with a lovely pool or direct access to the beach, a central lodge and varied activities...

With Camping Huttopia, you can disconnect from daily life and reconnect with nature and your loved ones. For this reason, wifi is only available in the Central Lodges on our campsites.
